CLIENT PRODUCTION

If you have chosen to provide your own posters, please ensure that the bills are printed on the correct substrates. Please note that any part delivery of the Advertisement Copy or Artwork, delivery in the incorrect format, or delivery not meeting the Production Specification or any of Exterior Media UK Limited's Terms and Conditions, as provided, shall be deemed to be no delivery for the purpose of undertaking or procuring the undertaking of Exterior Media's Production Services.

All posters are to be delivered two (2) weeks prior to in-charge date.

Please also be aware that should bills be delivered late Exterior Media cannot guarantee display and this could affect the fixing of your campaign.

If your printer has any questions please contact the Exterior Media Production Department for details.

OVERALL SIZE
508mm x 1524mm

----- **DISPLAY AREA**
456mm x 1472mm

EXTERION MEDIA WILL REFUSE TO ACCEPT ANY DELIVERIES THAT DO NOT CONFORM TO THESE SPECIFICATIONS

DELIVERY DEADLINE AND POSTING CYCLE

Posters must be produced to the exact specification set out below and delivered 14 calendar days before the 'In-charge' date of the campaign. Campaigns are then posted on a 6 calendar day cycle (excluding Bank Holidays) which commences before the 'In-charge' date.

Please note: Exterior Media is not liable for compensation claims against any campaign where posters have been received after the delivery deadline. All posters received after the delivery deadline will not be posted until the next available posting cycle for this site type.

COPY APPROVAL

Before posting can commence, every Bus campaign must be submitted to Exterior Media for copy approval. This is to ensure that the Codes of Practice outlined by our franchise partners are being upheld. See **Copy Approval** on page 6.

BARCODING

Every campaign must have the appropriate barcode printed on all posters. See **Barcoding of Bus Campaigns** on pages 8 and 9.

DISPLAY AREA

For all site types that are fixed into frames, the specification will give the Overall Size and the Display Area. Please keep all important text and images within the Display Area but feel free to bleed the background colours/images up to the Overall Size. Please be aware that if an artwork has text that has been created to the Display Area it will butt-up to the frame. If this is not the desired effect then please move the text even further inside the Display Area.

Please note: Exterior Media strongly recommends that you do not use the frame as a 'cropping device' for corporate logos as 100% accuracy cannot be guaranteed as not all buses are framed.

MATERIALS and PRINTING

Please refer to pages 4 and 5 for full details.

PROTECTIVE FINISH

The rear of a bus takes the most punishment from bus-wash brushes, therefore Exterior Media insists that a clear machine or UV varnish **must** be applied to the poster surface. For vinyl campaigns of longer than 12 weeks, an over-laminate **must** be applied to the printed poster to protect the image.

For all campaigns printed on water-resistant board, Exterior Media insists that a clear **gloss** machine or UV varnish **must** be applied to the poster.

EXTERION MEDIA POSTER DESPATCH FORM

The Exterior Media Poster Despatch Form will give all the relevant information for each campaign with regard to quantities, collation details and delivery addresses. If you require a copy, please contact the Exterior Media Customer Service department on 020 7482 3000 and quote the campaign reference.

SPARE POSTERS

Exterion Media will always require additional 'spare' posters to refurbish campaigns. The quantities shown on the Exterion Media Poster Despatch Form will include the required number of spares.

TRIMMING

All posters must be trimmed to the exact Overall Size.

POSTER COLLATION AND PACKING

Posters will need to be delivered in a combination of 'rolled' and 'flat'.

Rolled: Please deliver posters rolled with the design out and wrapped in packages of no more than 30. Please ensure that the edges are fully protected to avoid damage in transit. Folded vinyls cannot be accepted.

Flat: Please deliver posters flat on a pallet. A tab must be inserted between every 50th board. The pallet must be bound securely, ensuring the poster edges are fully protected to avoid damage in transit.

QUALITY ASSURANCE DOCUMENTATION

All deliveries will require documentation giving details of Quality Assurance Checks. This must clearly identify the following information: campaign reference(s), print method, ink details and drying method. Exterion Media will also require the name of the person who carried out the Quality Assurance Checks for that particular consignment.

DELIVERY NOTES

Every consignment of posters delivered must have a Delivery Note attached indicating the advertiser, the number of designs, a title for each of the designs and the quantity of each design.

POSTER DELIVERY ADDRESSES

Every consignment of posters delivered must have a Delivery Note attached, indicating the following:

- Design name within package
- Overall quantity delivered of each design
