

12 SHEETS GLAZED

PRODUCTION DETAILS

Global has a highly experienced and dedicated Production Department committed to offer professional print advice, quotes and information on materials related to all your campaign production.

Advertisers are advised to use Global Production, where we can ensure that all campaigns are printed on approved materials and to the correct specifications.

If you are providing campaigns for the 12-sheet Glazed format, Global demands that you submit the campaign printed on Global "Performance Paper" material only, which is solely sourced through Global's recommended suppliers. You can obtain a list of approved suppliers by contacting:

ARTWORK SPECIFICATIONS

DISPLAY AREA

For all site types that are fixed into frames, the specification will give the Overall Size and the Display Area. Please keep all important text and images within the Display Area but feel free to bleed the background colours/images up to the Overall Size. Please be aware that if an artwork has text that has been created to the Display Area it will butt-up to the frame. If this is not the desired effect then please move the text even further inside the Display Area.

Please note: Global strongly recommends that you do not use the frame as a 'cropping device' for corporate logos and borders, as 100% accuracy cannot be guaranteed as not all London Underground sites are framed.

ACCEPTABLE SOFTWARE

All of the approved suppliers accept artworks created with the following software packages: Adobe Illustrator, Adobe Photoshop, Quark Xpress and Adobe In-Design.

ARTWORK REQUIREMENTS

Please convert all RGB files to CMYK. All images must be scanned at hi-resolution, no less than 300dpi. All screen and printer fonts must be supplied, if this is not possible, all text must be created as outlines. For colour linework, all Pantone references must be specified within the digital file. All artworks must be created to the size shown in the line drawing below **and include 2.5mm of 'bleed' all round.**

ELECTRONIC ARTWORKS

Electronic artworks can be uploaded to the approved suppliers' FTP sites or emailed to the approved suppliers. We strongly recommend that the files are 'stuffed' before transfer as this will avoid any risk of the files being corrupted. All artwork files must clearly state the name of the advertiser.

SPARES

Global will always require additional 'spare' posters to refurbish campaigns. The full quantity of posters for your campaign must be delivered along with 10% spares.

ALL ARTWORKS MUST BE CREATED TO THE SIZE SHOWN BELOW (QUARTER SIZE).

OVERALL SIZE
381mm x 762mm

----- DISPLAY AREA
363.25mm x 744.25mm

COPY APPROVAL

Before posting can commence, every London Underground campaign must be submitted to Global for copy approval. This is to ensure that the Codes of Practice outlined by our franchise partner are being upheld. See *Copy Approval on page 3*.
